

EPSON[®] STYLUS[™] C70

Colour Inkjet printer

- 16 ppm high quality plain paper printer
- Money saving separate ink cartridges
- Sharp, crisp text and vibrant colour up to 2880 dpi on appropriate media
- Smudge proof and waterproof pigment-based inks

EPSON[®] STYLUS[™] C70

The EPSON Stylus C70 is a showcase for EPSON's latest 4 colour inkjet technologies, designed to achieve superb results on plain paper, with new levels of performance, simplicity and efficiency.

Superior plain paper performance

The EPSON Stylus C70 is designed for superior performance on plain paper, delivering print speeds of up to 16ppm black with outstanding print resolution. Producing reports and presentations with pinsharp text and graphics has never been faster or more cost-effective. The latest developments in EPSON's award winning Micro Piezo™ technology enhance detail, smoothness and speed by producing a number of different dot sizes, including the virtually invisible EPSON 4 picolitre Ultra Micro Dot™.

EPSON Waterproof and Smudge proof inks

Super-penetrating, quick drying EPSON Pigment-based inks, which not only offer high definition true black and rich, vibrant colour, they are also highly waterfast and both fade and smudge resistant. Now results are not only amazingly life-like, they will stay that way for longer than ever.

Individual 'Intelligence' ink cartridges

Each of the four colours is contained in an individual EPSON 'Intelligence' ink cartridge, ideally suited to printing multiple copies of materials such as presentations that incorporate larger areas of block colour, increasing efficiency in the process. What's more, integral CSIC chips keep track of ink levels and relay them on-screen via Status Monitor 3, so for added efficiency and speed in larger print jobs, a partially used cartridge can be removed to make way for a full one, and will even 'remember' ink levels when replaced later.

Simple operation

Everything about the EPSON Stylus C70 is designed to make excellent printing as simple as possible, from start to finish. Printer drivers and pop-up menus make set-up a breeze, while features such as PhotoEnhance 4 automatically optimise settings for the best results and even offer special effects and other image editing tools.

Excellent connectivity

A standard USB interface ensures instant plug-and-play connectivity, while a Parallel port is also included as standard. For multiple users an optional networking solution is also available.

Print Speeds Note:

The print times shown in this brochure are the average time for multiple prints of the same page over one minute. Times are measured from the 'Print' command to delivery of the page in the tray. The speeds were achieved using the following system: 200 Mhz Pentium PC, 64 Mb RAM, 2 Gb HDD, Windows 95. Print times will vary depending on computer configuration, settings, application, coverage and page complexity.

Specifications

Model name: EPSON Stylus C70
Part Number: **C11C425042**

Characteristics

- A4 Black and Colour Inkjet Printer
- Technology: EPSON Micro Piezo™
- Print Head configuration: 180 nozzles Black, 180 nozzles colour (60 per Cyan, Magenta & Yellow colours)
- Print Head frequency 24.3 KHz (maximum)
- Print direction: Bi-directional with logic seeking
- Noise level: 45 dbA per ISO 7779
- Power supply: 220-240 V model
- Power consumption: approx. 17 Watts (during printing ISO/IEC 10561 Letter pattern)
- Energy star compliant

Resolution

- Maximum resolution: 2880 x 720 dpi with EPSON Micro Dot™ 4 picolitre & EPSON Variable-Sized droplet Technology in Black and colour
- Maximum resolution - Media dependant
 - Plain Paper: up to 1440 dpi
 - Photo Quality Inkjet Paper: up to 1440 dpi
 - Premium Glossy Photo Paper: up to 2880 dpi
 - Glossy Film: up to 2880 dpi
 - Inkjet Transparencies: up to 360 dpi
- Maximum resolution depends on driver settings, operating system and media type

CE Compatibility

- Directive 89/336/EEC and 73/23/EEC

Print Speed

- Approximately 16 ppm in black A4 text memo*¹ pattern (Economy mode)
- Approximately 4.3 ppm in colour A4 text and graphics*² pattern (Normal mode)
- Approximately 40 seconds per photo*³ 4 x 6" (Fine mode)
- Approximately 153 seconds per photo*³ 8 x 10" (Fine mode)
- Print speeds will vary depending upon configuration, print settings, application, coverage and complexity of the printed page.

(*^{1,2,3} please see thumbnails for sample illustrations)

Emulations

- EPSON ESC/P2, EPSON Remote

Driver

- Windows 95/98/Me/2000 & Macintosh (OS 8.5.1 or later) with USB
- PC Users:
 - Minimum: i486/25 MHz Pentium processor for Windows 95; i486/66 MHz Pentium processor for Windows 98, 133 MHz Pentium processor for Windows 2000, 150 MHz Pentium processor for Windows Me, 16 Mb of RAM for Windows 95/98; 32 Mb of RAM for Windows Me, 64 Mb of RAM for Windows 2000; 20 Mb of Free Hard Disk space for Windows 95/98/Me, and 40 Mb for Windows 2000.
 - Recommended: Pentium processor or higher for Windows 95/98, 133 MHz Pentium processor or higher for Windows Me, 150 MHz Pentium processor or higher for Windows 2000, 50Mb or more of Free Hard Disk space for Windows 95/98/Me and 100 MB for Windows 2000
- Mac Users:
 - Minimum: Mac OS 8.1 PowerPC; 12 Mb Free (Additional free space about the double of the document file size); 10 Mb RAM Free (Foreground Printing) and 13 Mb Free (Background Printing).
 - Recommended: Mac OS 8.1 PowerPC; 12Mb Free (Additional free space about the double of the document file size); 25 Mb RAM Free (Foreground Printing) and 41 Mb Free (Background Printing).

Colour Matching

- Colour management system included in Windows and Macintosh drivers:
 - Windows 95/98/Me/2000 ICM
 - sRGB (Win 98/Me/2000)
 - Apple ColorSync 2.0 compatible

Interfaces

- 2 interface as standard:
 - Bi-directional Parallel I/F (IEEE-1284) - USB*
- *EPSON Stylus C70 supports the USB interface in the following environment:
 - PC with Windows 95/98/Me/2000 pre-installed
 - PC Manufacturer guarantees USB operation
 - Up to one hub
 - USB supported Macintosh (iMac/G3/G4)

Input Buffer

- 32 Kb

Paper Handling

- 100 A4 sheets (64 gr/m² cut sheet feeder)
- 65 sheets of Inkjet Paper
- 20 sheets of Photo or Glossy Paper

- 1 sheet of Premium Glossy Photo Paper
- 30 sheets of Transparency
- 15 envelopes

Paper Support

- Paper size: A4, A5, A6, 5 x 8", 8 x 10" Letter, B5, Legal, Panoramic (210 x 594 mm)
- Paper weight: 64 to 255 gr.m² (Premium Glossy Photo Paper = 255 gr.m²)
- Envelope: C6 (114 x 162 mm), No.10 (241 x 104 mm) & DL (220 x 110 mm)
- Envelope weight: 45 to 75 gr.m²
- Maximum printable area: (A4 paper) 204 x 291 mm*
- Print margin: (A4 paper) 3 mm top, left, right and bottom*

*Via custom setting in printer driver. Otherwise bottom margin is 14mm.

Dimensions

- Storage (wxdxh): 452 mm x 320 mm x 201 mm
- Printing (wxdxh): 452mm x 562mm x 295mm
- Weight: 6.0 Kg (without the ink cartridges)

Ink Cartridges

- T032140 Black ink cartridge will print approximately 1240 A4 text pages (ECMA)
- 3 separate Colour ink cartridges will print approximately 420 A4 text pages at 15% (5% for each colour)

Cyan	T032240
Magenta	T032340
Yellow	T032440
Cyan/Magenta/Yellow	T032540
- Example for printing the 8 x 10" 'Bike' image
 - Colour ink cartridge can print approximately:
 - Bk: 434 pages/Cyan: 143 pages/Magenta: 96 pages/Yellow: 128 pages. (8 x 10")
 - Paper: Bright white inkjet paper
 - Quality: Default (fine, 720x720dpi)

Options

- EPSON Net 10/100 Base External Print Server
- USB A-B cable

**C823784
CAEUL0001**

Warranty

- 1 year call out
 - EPSON CoverPlus Optional 3 Year Extended Warranty*
- *Availability depends on your location.
